⚠ WARNING: PHOTOSENSITIVITY/EPILEPSY/SEIZURES

READ BEFORE USING YOUR PLAYSTATION®2 COMPUTER ENTERTAINMENT SYSTEM.

A very small percentage of individuals may experience epileptic seizures or blackouts when exposed to certain light patterns or flashing lights. Exposure to certain patterns or backgrounds on a television screen or when playing video games may trigger epileptic seizures or blackouts in these individuals. These conditions may trigger previously undetected epileptic symptoms or seizures in persons who have no history of prior seizures or epilepsy. If you, or anyone in your family, has an epileptic condition or has had seizures of any kind, consult your physician before playing. IMMEDIATELY DISCONTINUE use and consult your physician before resuming gameplay if you or your child experience any of the following health problems or symptoms:

- dizziness
- altered vision
- eye or muscle twitches
- loss of awareness
- disorientation
- seizures
- any involuntary movement or convulsion

RESUME GAMEPLAY ONLY ON APPROVAL OF YOUR PHYSICIAN.

Use and handling of video games to reduce the likelihood of a seizure

- Use in a well-lit area and keep as far away as possible from the television screen.
- Avoid large screen televisions. Use the smallest television screen available.
- Avoid prolonged use of the PlayStation 2 system.
  Take a 15-minute break during each hour of play.
- Avoid playing when you are tired or need sleep.

Stop using the system immediately if you experience any of the following symptoms: lightheadedness, nausea, or a sensation similar to motion sickness; discomfort or pain in the eyes, ears, hands, arms, or any other part of the body. If the condition persists, consult a doctor.

WARNING TO OWNERS OF PROJECTION TELEVISIONS:

Do not connect your PlayStation 2 system to a projection TV without first consulting the user manual for your projection TV, unless it is of the LCD type. Otherwise, it may permanently damage your TV screen.

HANDLING YOUR PLAYSTATION 2 FORMAT DISC:

- Do not bend it, crush it or submerge it in liquids.
- Do not leave it in direct sunlight or near a radiator or other source of heat.
- Be sure to take an occasional rest break during extended play.

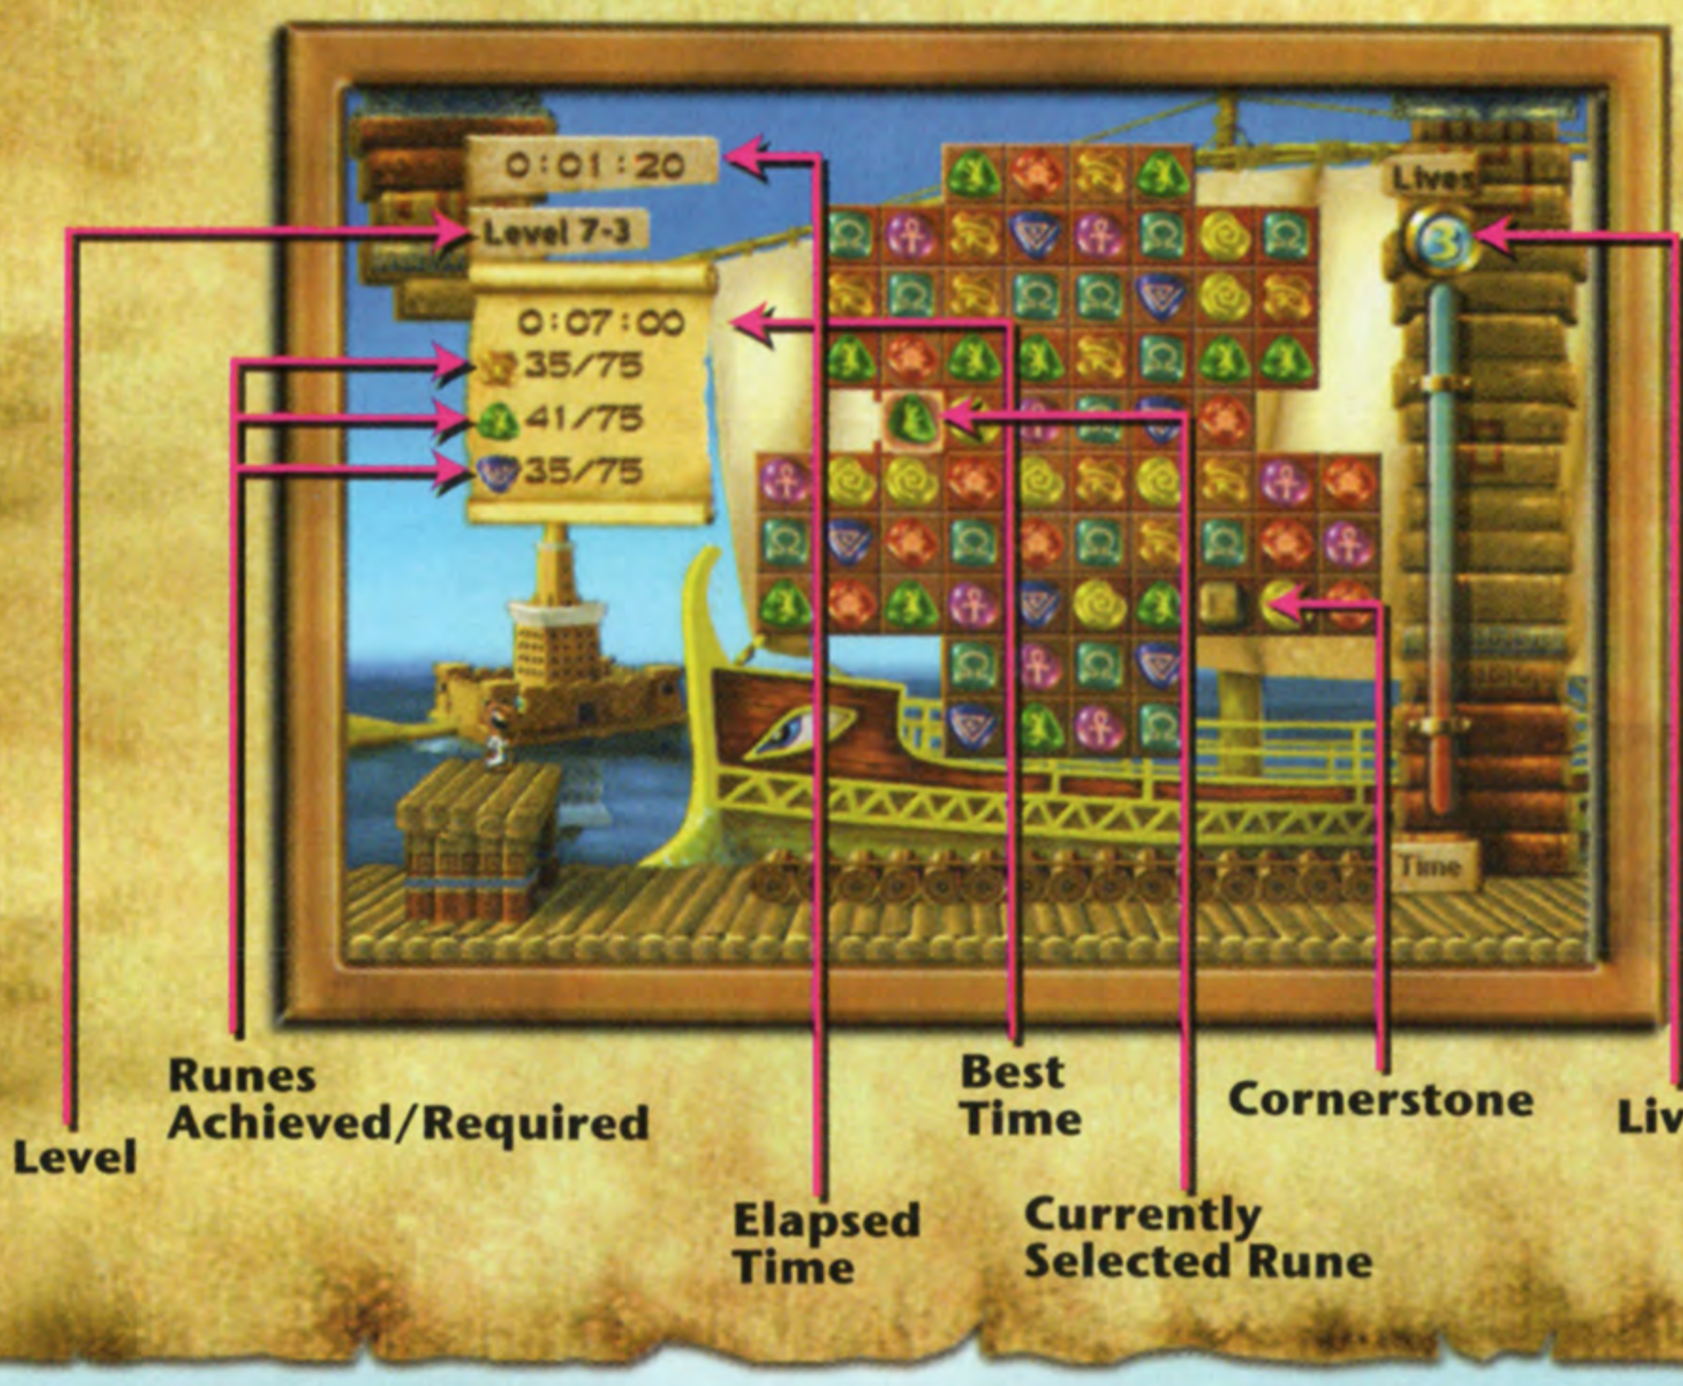
Story & Free Play Modes

Rune Quest Mode



How to Play

Each level consists of a tiled playing field covered in colored runes. You must swap adjacent runes to create matches of three or more in horizontal or vertical lines. When matches are made, the runes disappear and any tiles below those runes break into rocks. Those rocks then drop to the ground below, where they are collected by workers and used as material to build the 7 Wonders.

In Story and Free Play modes, the thermometer-style timer on the right of the playing field displays the amount of time left to remove all of the tiles and any Special Blocks from the playing field. This must be done before the liquid drains away to complete the current level.

In Rune Quest mode, the score indicator displays how long you have been playing the current level. The best time for the level is shown on the parchment on the left-hand side, which also indicates the number of specific runes that must be removed to complete the level.

How to Play

Lives - At the start of a new game you have three lives, shown as a number in the top-right corner of the screen. Extra lives (up to a maximum of five) are earned every 200,000 points.

Scoring -
3 runes = 50 points
4 runes = 100 points
5 runes = 150 points
6 runes = 200 points
7 runes = 500 points
Lightning Ball = 700 points
Fire Ball = 1,000 points
Extra Bonus = 3,000 points

Each worker that is still on the screen when a level is completed gives you 200 points.

Locked Tiles - In higher levels, you will encounter tiles covered by metal plates. To remove them from the playing field, you must make matches on them twice – the first time to unlock them and a second time to actually break them.

Power-ups

Earn power-ups by making matches of four or more runes. Once earned, power-ups can be used to remove large numbers of runes from the playing field.

Lightning Ball - Earned by matching four runes at once, the Lightning Ball removes runes in a horizontal line when used.

Fire Ball - Earned by matching five runes at once, the Fire Ball removes runes horizontally and vertically when used.

Extra Bonus (Golden Flower) - Earned each time four power-ups (Lightning and/or Fire Balls) are used. The Extra Bonus randomly removes 15-20 runes from all over the playing field when used.

Special Blocks

Each level has one or more Special Blocks that must be removed to complete the level. These blocks cannot be swapped. They can only be moved by removing any runes that are directly underneath them, either by making matches or using power-ups. This lets the Special Block drop off the playing field to be taken away by the workers and used to complete the Wonder. Collect all of the map-shaped Special Blocks to unlock the eighth (and final) Wonder.
